## What I Want For Christmas

By Lois Walker

### ESTABLISHING THE RHYTHM

To find the proper rhythm for this rhyming piece, first read-aloud and clap through the sections as you go. Each underlined word or word part falls directly on a beat. As you read, clap on each underlined word, keeping the rhythm steady. Be careful not to read too fast! This is a rehearsal technique and readers will not clap throughout these sections during performance. After you have established the beat, it is time to start interpreting, experimenting, and having fun with the words by varying tempo, volume, inflection, and expression.

**READERS:** You can use from 5 to 22 solo readers to perform this script. As you will see below, I've numbered the first 5 reader parts only. The rest of the reader numbers have been left blank so you can pencil in as many reader parts as you need. If you wish to use only 5 readers, those 5 can perform the entire piece by following the Verse 1 model and sharing the extra lines in the last verse. The script is formatted for SOLO READERS, ALL GIRLS, ALL BOYS, AND ALL.
